Product text	<p>Are you ready for the ultimate racing experience? Then get the RD 16 DH Pro racing pole with its curved downhill geometry and experience unparalleled speed on the slopes! The shaft with aluminum core and high-performance carbon sheathing provides optimum stability and stiffness. The non-slip Ergo Grip Pro offers perfectly adapted ergonomics and the Quick Adjust Strap Pro gives you the necessary grip even at top speeds. If the speed baskets are worn out, they can be easily replaced - just like the pros. Leave the competition behind you and master every descent with the RD 16 DH PRO!</p>	<p>The curved RD 16 SG PRO with Super-G geometry is the perfect companion for downhill-oriented, technically skilled skiers. The shaft with aluminum core and high-performance carbon sheathing provides optimum stability and stiffness. The non-slip Ergo Grip Pro with perfectly adapted ergonomics and Quick Adjust Strap Pro ensures a secure grip even at top speeds. And if the speed baskets are ever worn out, they can be easily replaced - just like the pros. Trust the RD 16 SG PRO and experience unforgettable descents with absolute control and precision!</p>	<p>Standing in the start house, the only thing on your mind is getting to the finish line fast and first. The RD GS Pro ski pole is there to help. Its Real Race shaft is made of Calu, which combines the strength of aluminum with the lightness of carbon, making this aero shaped pole especially stable. The excellent ergonomics of the non-slip Ergo Grip Pro give you a secure hold, even at high speeds. When the basket has had a rough season of racing you can easily swap it for a new one, just like the pros.</p>	<p>Standing in the start house, the only thing on your mind is getting to the finish line fast and first. The RD GS Pro ski pole is there to help. Its Real Race shaft is made of Calu, which combines the strength of aluminum with the lightness of carbon, making this straight shaped pole especially stable. The excellent ergonomics of the non-slip Ergo Grip Pro give you a secure hold, even at high speeds. When the basket has had a rough season of racing you can easily swap it for a new one, just like the pros.</p>	<p>The RD 16 SL PRO will lead you through the thick forest of slalom gates. This extremely stable slalom pole is set up especially for the demands of racing with just the right material mix. The shaft's upper is aluminum and the lower section is a carbon/Aramid blend, making contact with gates at race speeds no problem. The non-slip, optimally ergonomic Ergo Grip SL Pro ensures a secure hold in every turn. When the basket has had a rough season of racing you can easily swap it for a new one, just like the pros.</p>

Product text	The impressive RD 13 Carbon Pro is an ultralight racing pole that is also ultra stable. Sophisticated carbon construction lets it easily handle gate contact at race tempo. Light, strong Aramid ski edge protection helps prevent the pole from being damaged. The non-slip, optimally ergonomic Ergo Grip SL Pro ensures a secure hold at every turn. When the basket has had a rough season of racing you can easily swap it for a new one, just like the pros.	Skiers that enjoy high speed runs, or even the occasional race, need a lightweight, durable pole with a secure hold, like the RD 16 GS. The sophisticated construction of its aero shaped aluminum shaft makes it very stable at high speeds with occasional gate contact. The non-slip, optimally ergonomic Ergo Grip Pro ensures a secure hold at every turn. When the basket has had a rough season of racing you can easily swap it for a new one, just like the pros.	Skiers that enjoy high speed runs, or even the occasional race, need a lightweight, durable pole with a secure hold, like the RD 16 SL. The sophisticated construction of its aluminum shaft makes it very stable at high speeds with occasional gate contact. The non-slip, optimally ergonomic Ergo Grip SL Pro ensures a secure hold at every turn. When the basket has had a rough season of racing you can easily swap it for a new one, just like the pros.

GATE GUARDS

GATE GUARD WC
OZ70125

The Gate Guards WC are designed to protect your hands from the impact of slalom gates during alpine racing. Made with durable, impact-resistant plastic, these Gate Guards offer superior protection without compromising your grip or control. Designed to fit seamlessly over racing gloves, the contoured shape offers full coverage of your knuckles and fingers, shielding them from repeated gate impacts while allowing for precision and agility. As an additional feature, the integrated thumb guard can prevent finger injuries. Easy to attach, they ensure a secure fit, keeping your focus on your run. Whether you're training or competing, the Gate Guards WC deliver the reliable protection you need to perform at your best.
Size: 260 x 105 mm; Material: PP; Color: neon orange; Compatible with all RD models

GATE GUARD
OZ70325

The Gate Guards offer durable hand protection for alpine racers. Made from durable plastic, they shield your knuckles and fingers from gate impacts while maintaining grip and control. Designed to fit over race gloves, they provide full coverage without restricting movement. Easy to attach, these gate guards ensure a secure fit for optimal performance.
Size: 260 x 90 mm; Material: PP; Color: neon orange; Compatible with all RD models

SHIN GUARDS

CARBON SHIN GUARD WC PRO
OZ71125

Sizes:

L M S

Engineered for high performance alpine racing, the Carbon Shin Guard WC Pro provides superior protection and lightweight durability on the slopes. Crafted from premium carbon fibre, these shin guards offer exceptional impact resistance, shielding you from gates without compromising speed or agility. The innovative rubber lip construction in the knee area allows full range of motion while maintaining optimal comfort during intense runs. The black Teflon inlay ensures minimal friction during gate contact. Adjustable straps offer a personalized fit, and the guards are contoured to touch the gates as early as possible. Whether you're training or racing at the highest level, the Carbon Shin Guard WC Pro offers the ultimate blend of protection, performance and comfort to help you focus on winning. Available in S, M and L. Height: S: 375 mm, M: 435 mm, L: 495 mm; width: 140 mm; Material: Carbon + Rubber + EVA; Color: carbon + neon orange

SHIN GUARD WC COMP
OZ71225

Sizes:

L M S

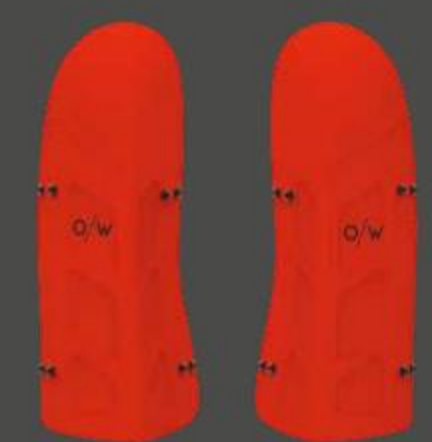

Designed for performance alpine racing, the Shin Guard WC Comp delivers excellent protection and lightweight durability. Made from 100% glass fibers, these shin guards offer strong impact resistance, shielding your legs from gates without sacrificing speed or agility. The contoured design ensures early gate contact, while adjustable straps provide a secure, personalized fit for maximum comfort and performance. Whether in training or competition, the Shin Guard WC Comp gives you the perfect balance of protection and mobility, keeping your focus on winning. Available in S, M and L. Height: S: 375 mm, M: 435 mm, L: 495 mm; width: 140 mm; Material: fibreglass-composite + Rubber + EVA; Color: carbon + neon orange

SHIN GUARD ADULT
OZ71525

The Shin Guard Adult is designed for alpine racers looking for reliable protection and comfort on the slopes. Constructed from durable, impact-resistant materials, these shin guards protect your legs from gates and impacts while allowing for unrestricted movement. The ergonomic design provides full shin coverage, while the adjustable straps ensure a secure, personalised fit. Lightweight yet durable, these shin guards are built to withstand the demands of intense training and competition, giving you the confidence to push your limits. The Shin Guard Adult has cutting marks that allow you to shorten the shin guard to suit your individual lower leg length. Height: 400 mm; Width: 140 mm; Material: PP + EVA + SBR; Color: neon orange

SHIN GUARD JUNIOR
OZ71625

The Shin Guard Junior is specially designed to provide young alpine racers with the protection and comfort they need on the slopes. Made from tough, impact-resistant materials, these shin guards protect their legs from gate impacts, allowing them to focus on improving their skills. The ergonomic, lightweight design ensures full shin coverage while maintaining freedom of movement. Adjustable straps provide a secure, snug fit, giving kids the confidence to tackle any course with ease. Built for durability, these shin guards are perfect for both training and competition. Height: 330 mm; Width: 120 mm; Material: PP + EVA + SBR; Color: neon orange

FOREARM GUARS

CARBON FOREARM GUARD WC PRO
OZ72125

Designed for high-speed alpine racing, the Carbon Forearm Guard WC Pro offers top-level protection in a lightweight, ergonomic design. Constructed from premium carbon fibre, these forearm guards offer superior impact resistance, shielding your arms from gate impacts while maintaining flexibility and control. The innovative rubber lip construction in the wrist area and the ergonomic shape ensures a comfortable fit and full range of motion, allowing you to race with confidence and precision. The black Teflon inlay ensures minimal friction during gate contact. Adjustable straps provide a secure, personalised fit, ensuring the guards stay in place during intense runs. Engineered for durability and performance, the Carbon Forearm Guard WC Pro is the ideal choice for racers looking for advanced protection without sacrificing speed.

FOREARM GUARD
OZ72525

The Forearm Guard is designed to provide reliable protection for alpine racers. Constructed from durable, impact-resistant plastic, these forearm guards protect your arms from gate impacts while offering flexibility and comfort. The ergonomic design ensures a natural fit and full range of motion, allowing you to maintain control and precision during intense runs. Adjustable straps provide a secure, customisable fit that keeps the guards in place throughout your race. You can also change the position of the straps from back to front using the adjustment inserts. Integrated cutting marks make it easy to cut the length to suit your needs. Length: 260 mm; Width: 105 mm; Material: PP + EVA + SBR; Color: neon orange; can be shortened

Product text	<p>The FR Carbon Vario Pro is your trusted partner in unpredictable freeride terrain. It's made of an ultralight, stable carbon fiber/aluminium shaft which gives it an optimized swing weight. The telescopic construction allows simple length adjustments, making it ideal for backcountry use. Ergonomic recesses in the grip mean the Ergo Grip Pro sits comfortably in your hand and provides reliable grip in any situation. Aramid edge guards handle the job of protecting the pole from damage during contact with skis, rocks, or trees. On top of all this, the Freeride baskets are simple to swap out.</p>	<p>The FR 18 FREE follows the latest freeride trend with a wide shaft diameter of 18:9 mm. The durable aluminium pole has a top cap in combination with an extra-long EVA grip extension, which enables a variety of grip positions. If required, the strap can simply be pulled out of the top cap. When it is no longer needed, simply release it and it disappears into the grip. The large, lightweight and flexible BC Basket adapts perfectly to all gradients. The basket can be easily replaced so that the pole can also be used for your summer tour thanks to the interchangeable basket supplied.</p>

Product text	<p>The TR Vario Carbon is a premium touring ski pole to get you safely up and down the mountain. The upper shaft is made of top quality 7075 aluminum, and the lower shaft is ultralight, stable carbon with an Aramid ski edge protector. The length of this telescoping pole can be easily adjusted so you can match it to the steepness of your ascent. The ergonomic touring grip provides reliable traction in any situation and helps you reduce risk of injury with its quick-release Safety Strap. The TR Vario Carbon also features an EVA grip extension so you can also grasp the pole comfortably lower down. Baskets are easy to swap as needed.</p>	<p>The TR Vario is a highly versatile pole designed for use anywhere on the mountain. Telescopic length adjustment lets you optimize the pole's benefits depending on the steepness of the climb. The ergonomic Tour grip allows a secure hold on the constant ascents, descents, and traverses of ski touring. It detaches instantaneously to help prevent injury in case of a fall. The grip also has an extended EVA surface, allowing you to grip the pole lower down when needed. Easy-swap baskets complete the package.</p>	<p>The TR Vario is a highly versatile pole designed for use anywhere on the mountain. Telescopic length adjustment lets you optimize the pole's benefits depending on the steepness of the climb. The ergonomic Tour grip allows a secure hold on the constant ascents, descents, and traverses of ski touring. It detaches instantaneously to help prevent injury in case of a fall. The grip also has an extended EVA surface, allowing you to grip the pole lower down when needed. Easy-swap baskets complete the package.</p>	<p>The TR Vario 2 is a touring ski pole that provides you with optimal support both uphill and downhill. When ascending, you can easily and safely adjust the telescopic pole in length to adapt it to the gradient of the slope. Its ergonomic Tour grip gives you a reliable hold in any situation and prevents injuries thanks to the quick release with safety release. Thanks to EVA handle extension you can comfortably grip the pole even further down and its baskets can be easily replaced if necessary.</p>	<p>The TR Vario Junior is a touring ski pole for kids that gives you optimal support both uphill and downhill. When ascending, you can easily and safely adjust the telescopic pole in length to adapt it to the gradient of the slope. Its ergonomic Tour grip gives you a reliable hold in any situation and prevents injuries thanks to the quick release with safety release. Thanks to EVA handle extension you can comfortably grip the pole even further down and its baskets can be easily replaced if necessary.</p>

Product text	<p>The RD GS Junior will guide tomorrow's stars through the gates just like today's pro skiers. Ergonomic recesses in the grip mean the brandnew Ergo Grip Pro JR sits securely in a gloved hand for sure grip, even in unexpected race situations. A starting line stance is now even more aerodynamic thanks to curved geometric shaping. All this makes this pole the right choice for those Juniors fighting for every hundredth of a second.</p>	<p>The RD 13 Carbon Junior: The indispensable companion for the racing stars of tomorrow! With its robust carbon construction, it effortlessly defies the challenges on the slopes. Thanks to the ergonomic Ergo Grip SL Pro JR, it sits perfectly in hands and offers a secure grip with every turn. The replaceable race baskets make it durable and flexible. No matter how tough the race gets, the RD 13 Carbon Junior is ready to withstand and maximize performance!</p>

Product text	The durable, aluminum RD SL Junior will keep up with tomorrow's fastest ski stars. The non-slip, optimally ergonomic Ergo Grip SL Pro JR ensures a secure hold in every turn. When the basket has had a rough season of racing you can easily swap it for a new one, just like the pros.	Discover the perfect companion for young skiers: The Junior Vario ski pole is versatile, robust and above all, can be used over several winters. With its practical telescopic function and Twist-Lock fixation, it can be easily adjusted between 80 and 110 cm and thus grows with the child. The aluminum shaft is particularly durable and withstands all demands. Its ergonomic grip provides optimal grip and ensures a natural hand position. Another plus: the baskets are easily replaceable if necessary. With the Junior Vario ski pole, your child can master every adventure on the slopes - not just for one season.	The Junior High is the ideal pole for young skiers looking to improve their on-piste skills. The ergonomic Ergo Grip Junior, light and durable aluminum shaft, and easily exchanged baskets are designed for season after season of fun.	The Junior ski pole makes it easier for young skiers to concentrate on their technique, not their gear. This pole features a stable and durable aluminum shaft, ergonomically shaped grips, and easily swapped baskets.	The Junior ski pole makes it easier for young skiers to concentrate on their technique, not their gear. This pole features a stable and durable aluminum shaft, ergonomically shaped grips, and easily swapped baskets.
